

# Reach University 2022 Annual Security Report

Published August 1, 2023

## Emergency and Safety Procedures Commitment

Reach University is committed to providing a safe environment for candidates, faculty, and staff. In addition to the information found in this report, candidates, faculty, and staff are encouraged to take personal responsibility for their conduct and safety. The cooperation and involvement of everyone is essential to minimize criminal activity.

## How the Report is Compiled

This report is prepared in compliance with the Federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (Clery Act) of 1998 and the Violence Against Women Reauthorization Act of 2013 (VAWA). It informs candidates, faculty, and staff about Reach University's security policies. Reach University's Office of Financial Aid is responsible for preparing and distributing this report. The Office of Financial Aid worked with other Reach University departments and with local police agencies to compile the security policies and crime statistics included in this report.

We make this report available to all prospective candidates and employees by publishing it in our publicly accessible Consumer Information and Disclosures webpage at <https://www.reach.edu/heoa>. Current candidates, faculty, and staff receive an email annually that describes the report and its exact web address. Anyone, including prospective candidates and employees, may request a paper copy of this report by contacting Reach University's Office of Financial Aid at [finaid@reach.edu](mailto:finaid@reach.edu).

Reach University reserves the right to make any changes, deletions, or revisions it deems necessary to the policies, procedures, rules, and regulations set out in the Annual Security Report without prior notice.

## Policies, Procedures and Programs

Despite Reach University operating entirely remote, the University has developed policies and procedures for candidates and others to report criminal activity or other emergencies that occur within the campus community. This includes, but is not limited to, criminal activity or other emergencies which may occur during scheduled class times, virtual office hours with faculty, communication exchanges via email exchange, over the phone or virtual platform.

## Crime Statistics

The Reach University office location, located at 1221 Preservation Park Way, Suite 100; Oakland, CA, is considered a campus location for the purposes of annual security reporting. Given Reach University's entirely remote operation, the University does not employ a campus police force or campus security.
