Financial Aid Philosophies:

- A college education is a valuable investment. We believe that a family's finances should not be a barrier to accessing a Reach University education.
- Maintain a modest self-help component of the Offer of Financial Aid. Self help funding is a candidate's investment in their education.
- Reach University meets the full demonstrated institutional need of undergraduate candidates by offering institutional grant aid as determined by the Office of Financial Aid to those who complete their financial aid application and maintain satisfactory academic progress towards their degree program.

Admissions Policy and Financial Aid

Financial need does not affect admissions decisions for U.S. citizens and permanent residents or for candidates graduating from a high school in the United States.

Financial Aid Privacy Policy

The Free Application for Federal Student Aid (FAFSA)

[Complete the FAFSA online](#)

To apply for federal and state financial aid, candidates that are US citizens, permanent residents or eligible non citizens complete the Free Application for Federal Student Aid (FAFSA). The FAFSA uses a federally defined formula to determine the family's financial strength and ability to pay. Federal methodology considers gross income (AGI), non- taxable income, household assets, family size, and the number of children enrolled in post-secondary educational institutions.

- The **IRS Data Retrieval Tool** can be used when filing the initial or renewal FAFSA. candidates are encouraged to use the IRS Data Retrieval Tool to import tax data into their application as it simplifies the aid application process, improves accuracy of the application and can reduce the likelihood that the FAFSA will be selected for the verification process.
- The FAFSA can be completed beginning October 1. Reach University's school code is **042637**.

After processing is complete, the Central Processing System (CPS) produces two primary output documents:

- 1) Institutional Student Information Record (ISIR) - made available electronically to schools listed on the FAFSA and their state agency
- 2) Student Aid Report (SAR) - sent to the candidate or made available online

If candidates have questions about filling out the FAFSA, they can use the resources listed below, especially the FSA resources and the Khan Academy video walkthroughs. Further questions should go first to candidate services and then forwarded to the Office of Financial Aid if needed.

Verification:

Federal verification is a process which requires institutions to verify the accuracy of the information provided on a candidate's FAFSA in an effort to ensure that federal aid is distributed to those who are eligible. If a candidate's FAFSA is selected for verification by the U.S. Department of Education, they are required to provide documentation to Reach University verifying the information entered on the FAFSA. FAFSA's may be selected for verification because it contains estimated information or inconsistencies, was incomplete, or was selected at random.

FAFSAs can be selected for Verification by the central processing center or by Reach University.

The required documentation varies depending on the reason(s) your application was selected. Typically, if your FAFSA is selected you must complete a Verification Worksheet, use the IRS Data Retrieval Tool to import tax information into the FAFSA or submit IRS Tax Transcripts or signed Federal Income Tax Returns, including W-2 statements.

In some cases, after the Verification process has been completed, a candidate's federal aid eligibility may change, which may require Reach University to adjust the amount and sources of financial aid. The Office of Financial Aid will notify the candidate of any changes to their award.

Candidates receiving federal financial aid, such as the Federal Pell Grant, cannot have these funds applied to their candidate billing account until Verification is complete.

In some cases, candidates may need to provide documentation as part of verification that verifies the candidate's identity and statement of educational purpose. The candidate will be notified on their Student Aid Report from the FAFSA and the Office of Financial Aid.

Verification information received from candidates after the deadline may result in a delay in financial aid disbursement.

Immigration Status Verification:

Candidates that need to provide verification of immigration status will be notified of the required documentation with a clear explanation of the documentation needed as evidence to satisfy the requirements. Funds cannot be applied until verification is complete. Delay in receiving the verification can lead to a delay in financial aid processing.

Within **10 business days** after receiving the documentation evidence of immigration status, the school completes the request portion of the INS form.

Examples of issues that may indicate Conflicting Data:

- A candidate is not selected for verification, but a tax return or IRS transcript is on file and information conflicts with items on the FAFSA
- An IRS 1040 return/transcript shows single head of household and on the FAFSA/ISIR shows the same person as married
- A parent or candidate reports on their FAFSA and signs a verification worksheet that they will not file an IRS tax return. You have reason to believe that they would have been required to file a U.S. Income Tax Return, as the amount of reported income on the FAFSA is greater than or equal to the minimum amount required to file as indicated in the instructions provided by the IRS.
- A school received statements or information that suggests that the copy of the IRS Income Tax Return received is not the IRS Income Tax Return actually filed with the IRS.
- Admissions information received impacts candidate eligibility
- The candidate's academic progress or enrollment status on file doesn't agree with the information from other teams.

Retroactive Disbursements for Completed Periods

Candidates who don't submit the FAFSA until later in the award year can receive aid for the entire year, including completed payment periods, as long as they were not ineligible at the time.

Dependency Overrides:

Dependency overrides may be done on a case-by-case basis for candidates with unusual circumstances. The FAA must write out the determination and retain it and the supporting documentation. However, none of the conditions listed below, singly or in combination, qualify as unusual circumstances meriting a dependency override:

1. Parents refuse to contribute to the candidate's education
2. Parents will not provide information for the FAFSA or verification
3. Parents do not claim the candidate as a dependent for income tax purposes
4. Candidate demonstrates total self-sufficiency

Unusual circumstances do include:

- Abandonment by parents
- Abusive family environment that threatens the safety or health of the candidate
- Candidate is unable to locate their parents

An aid administrator may override only from dependent to independent. Overrides do not carry over from year to year.

Eligibility Requirements for Financial Aid:

Financial aid is a general term for the many different sources of financial aid available to help pay for your college expenses – scholarships (institutional or private), federal and state grants, loans, or employment. All applicants and currently enrolled candidates are eligible to apply for financial aid.

Federal and state financial aid have statutory limits. For candidates who received a federal Pell grant, the equivalent of 12 full-time terms is the maximum length a candidate may receive federal financial aid. Please see “Satisfactory Academic Progress Standards” of this manual for additional restrictions.

To qualify for most types of Financial Aid, you must satisfy the following requirements:

- Be fully admitted to the college with a High School Diploma or its equivalent (i.e., GED)
- Have a complete application for financial aid – all documents turned in as necessary
- For federal financial aid (Pell grant, SEOG, or federal loans), be a U.S. Citizen or eligible non-citizen
- Be enrolled at least half time
- Meet Satisfactory Academic Progress standards.

Candidates must meet certain citizenship requirements to be eligible for Federal Aid programs. Eligible non-citizens (e.g., Permanent Residents) may be asked to provide proof of permanent residency. A copy of the green card (front and back side) or other approved documentation may be required. If primary confirmation is not received through the Federal database match, secondary confirmation from the Department of Homeland Security (DHS) will be required.

Beginning and Maintaining Active Enrollment:

Candidates are expected to begin and maintain active enrollment in their courses. Active Enrollment includes, but is not limited to: attendance in courses, submitting assignments, actively participating in discussion boards, study groups, completing required assessments, etc. There is no institution-wide attendance policy.

The Office of Financial Aid will confirm a candidate’s enrollment status prior to the disbursement of financial aid for the given term/semester. At the end of the second week of courses, a reconfirmation of enrollment will occur – with the assistance of the Registrar – to ensure candidates have begun enrollment in all courses for which they were scheduled. This reconfirmation date is commonly referred to as a “Census Date”.

If a candidate fails to begin enrollment in one or more (but not all) of their scheduled courses by the Census Date, the candidate will be removed from the courses and their financial aid will be reassessed to match the candidate’s actual level of enrollment. If a candidate fails to begin enrollment in all of their scheduled courses by the Census Date, the candidate will be withdrawn from all courses and their financial aid will be canceled entirely – returning the aid to the funding source from which it was received (Federal Pell, Reach Scholarship, etc.).

Administrative Withdrawals

Under certain circumstances, Reach University may administratively withdraw a candidate from a single course or multiple courses. The four classifications of administrative withdrawals follow:

Academic Withdrawal – The Registrar may administratively remove a candidate from a course or courses for academic reasons such as, but not limited to, the following: academic probation, extended academic probation, academic suspension, and academic dismissal. A candidate may also be removed from a course for which all prerequisites have not been satisfactorily completed. A grade of “W” will be assigned in the case of a withdrawal. The candidate’s GPA will not be affected.

Disciplinary Withdrawal – A candidate may be suspended or dismissed from the University for disciplinary reasons. In such cases, regardless of the timing during a semester, the candidate is withdrawn from courses, earns no credits for the semester and is assigned a grade of “W” for each course. The candidate’s grade point average is not affected. The candidate will forfeit all tuition payments for the semester or term regardless of when the disciplinary withdrawal occurs. Candidates wishing to return to the college must apply for readmission.

Excessive Absence Withdrawal– Candidates are expected to prepare for and participate in all courses for which they are registered and to act in a manner consistent with the college’s values of respect and responsibility while attending courses. The Registrar, in consultation with the Director of Financial Aid, the Associate Dean of Candidate Success, and the Dean of Undergraduate Candidates, may administratively withdraw a candidate from all courses or from individual courses in which the candidate is no longer actively enrolled. A candidate is considered no longer actively enrolled when he or she has missed two consecutive weeks (14 consecutive days). Failure to correct the behavior within the seven-day period to the satisfaction of the faculty member(s) involved will result in an administrative withdrawal. Candidates wishing to return to the college must apply for readmission. A grade of “W” will be assigned. This grade will not affect the candidate’s grade point average. The candidate will forfeit applicable academic credit and tuition payments for the semester or term regardless of when the withdrawal occurs.

*Emergency Withdrawal*¹: As a result of medical necessity or other emergency, a candidate may be withdrawn from a course or courses. Such requests are made through the Associate Dean for Candidate Success and approved by the Registrar and Director of Financial Aid. Such withdrawals will only be granted based on appropriate documentation. Once approved, the candidate is withdrawn from all applicable courses and is assigned a grade of “W”. The candidate’s grade point average is not affected.

¹ Where appropriate and with an instructor’s permission, a candidate could receive a grade of “I” (incomplete) in one or more courses instead of withdrawing. Refer to the Undergraduate Course Catalog for further details regarding Incompletes.

Undergraduate Levels of Enrollment:

All enrolled courses are included in the course load calculation.

Levels of Enrollment	Credits Per Semester
Full-time (FT)	12 credits or more per semester
Three-Quarter-time (3QT)	9-11 credits per semester
Half-time (HT)	6-8 credits per semester
Less-than-half-time (LTHT)	5 credits or less per semester

External Sources Aid:

Reach University expects that all external sources of aid will be sent directly to the University to be coordinated with your current aid package and credited to your candidate billing account. The candidate should notify the university if this is not the case. Candidates should notify the Office of Financial Aid if they expect to receive assistance from outside sources that were not included in your official Financial Aid Offer, or if they receive a different amount than reflected on your Financial Aid Offer. The Office of Financial Aid is responsible for ensuring that candidates do not receive more financial aid than federal and state eligibility rules allow for, and we are charged with making adjustments as needed.

Financial Aid Notification and Candidate Billing Account:

The Financial Aid Notification (FAN) includes

- Amount of financial aid scheduled to be received
- Explanation of the net payment
- Explanation of each source of financial aid

Financial Aid Notification Process	Procedures
Receiving their financial aid offer	Office of Financial Aid emails candidates
Accepting or rejecting all or part of the aid package	Financial aid is automatically accepted unless a candidate notifies the Office of Financial Aid in writing their desire to decline their scheduled financial aid.
Declaring external aid received	Candidate is responsible for informing the Office of Financial Aid.

Candidate Billing Account:

Sonis will show all financial aid disbursements. The candidate billing account in Sonis will reflect any direct charges (tuition, fees, etc.). Financial aid is first applied to charges on candidate billing accounts before any funds can be released to the candidate for books or other personal expenses.

The difference between a candidate's direct charges and their financial aid credits (grants, scholarships, loans) is the amount owed to Reach University.

Refund Requests:

Some candidates may receive financial aid (generally outside scholarships) in excess of their direct billed charges, creating an excess credit on their candidate billing account. These funds can be withdrawn for the use of the candidate for books, travel, or personal expenses. Please note that these funds are often not available for withdrawal at the very start of the semester.

University Scholarships:

University scholarships are university-based financial aid provided to candidates after determining all other forms of financial aid the candidate is eligible for.

All university scholarships will be listed on their Financial Aid Notification (FAN). University scholarships will be credited to the candidate billing account and are NOT eligible to be refunded to the candidate.

Pell Grant:

The Federal Pell Grant program is designed to provide financial assistance to eligible undergraduates. Application is made by filing a Free Application for Federal Student Aid (FAFSA). The Federal Pell Grant program provides grants to fulltime and part-time candidates until they receive their first baccalaureate degree. The award amount may vary according to the cost of the institution and your level of enrollment. A candidate may receive no more than the equivalent of 12 full-time term awards. Candidates must be enrolled for 12 or more credits per semester (full-time) to receive the full award. Reconfirmation of a candidate's enrollment is completed at the end of the second week of courses, more commonly referred to as the "Census Date".

Pell Grant Procedures:

Pell Grant Process	Procedures
Standard Terms	Credit-hour term-based program (Pell Grant Formula 1)
Scheduled award, award year, and annual award	Managed through the FAME AFA system
Payment methods	Credited to the candidate billing account
Summer terms and other crossover payment periods	Summer terms are considered "headers" and start the financial aid award year.
Transfer Candidates	Managed through the FAME AFA system
Required recalculations	Managed through the FAME AFA system The following are some reasons for recalculating Pell Awards: <ul style="list-style-type: none">- Change in EFC- Change in enrollment status between terms- Candidate doesn't begin attendance in all courses within a term resulting in a change in the candidate's enrollment status

Iraq and Afghanistan Service Grant Program:

All candidates eligible for the Iraq and Afghanistan Service Grant will be awarded the grant in accordance with the proper regulations.

- Identify ISIRs that contain the DoD Match Flag
- Award may not exceed the maximum Federal Pell Grant for that award year with adjustments
- Title IV aid is awarded based on an EFC of zero

Professional Judgment Policy:

Professional Judgment policies allow an institution to make case-by-case determinations of when extenuating circumstances allow for changes in a candidate's EFC data elements or cost of attendance.

Some examples:

- Parent's job loss
- Significant medical expenses not covered by insurance
- Tuition expenses at an elementary or secondary school
- Unusually high child care or dependent care costs
- Recent unemployment of a family member or an independent candidate

Special circumstances shall be conditions that differentiate an individual candidate from a cohort of candidates rather than conditions that exist across a cohort of candidates. The reason for the adjustment must be documented (by a third party if possible), and it must relate to the special circumstances that differentiate the candidate. It can not be conditions that exist for a whole cohort of candidates.

Contact the Office of Financial Aid (financialaid@reach.edu) if you believe you have a unique or special circumstance that warrants a Professional Judgment review.

Satisfactory Academic Progress (SAP) Policy:

The Office of Financial Aid has developed the following standards and procedures regarding Satisfactory Academic Performance (SAP) as it pertains to undergraduate candidates' financial aid eligibility. Federal regulations require a candidate's entire Reach University academic program record be reviewed for SAP, including semesters in which they did not apply for or receive financial aid. Failure to maintain all three of the required SAP standards outlined below will result in suspension of financial aid eligibility.

The following standards will measure the candidate's qualitative and quantitative progress towards degree completion. Furthermore, a candidate's maximum timeframe will also be measured.

SAP Standard 1 – Qualitative: Cumulative Grade Point Average (GPA)

To successfully maintain the qualitative standard of SAP, an undergraduate candidate must maintain a cumulative GPA of 2.0 (or higher) on a 4.0 scale.

SAP Standard 2 – Quantitative: Completion Rate

To successfully maintain the quantitative standard of SAP, the candidate must maintain a cumulative completion rate/pace of 67% (or two-thirds). This can be calculated by dividing the total credit hours earned by the total credit hours attempted.

- Courses completed with grades of A, B, C, and D count toward earned credit hours.
- Courses completed with grades of F, W, I or any other grade that does not result in credit hours completed are not considered as credit hours earned.

SAP Standard 3 – Maximum Timeframe: Duration

To successfully maintain the maximum timeframe standard of SAP, the candidate must be able to complete their degree program without having attempted more than 150% of the number of credits required for the degree.

- Bachelor of Arts (BA) in Global Education
 - Credit hours required for degree completion: 124 (127 AR)
 - Maximum Timeframe allowed: 186 (190.5 AR)
- Bachelor of Arts (BA) in Liberal Studies
 - Credit hours required for degree completion: 120
 - Maximum Timeframe allowed: 180

SAP Terminology/Glossary

Withdrawals (W): Courses that are recorded on the candidate's permanent academic transcript will be included as credit hours attempted. These will have an adverse effect on the candidate's ability to meet the requirements of the credit hour progression schedule for financial aid.

Incomplete grades (I): Courses that are assigned an incomplete grade are included in the cumulative credit hours attempted. These cannot be used as credit hours earned in the progress standard until a successful grade is assigned.

Repeated Courses: Retaking courses in which the candidate either received a passing or failing grade, adversely affects the candidate's ability to meet the progress requirements. All attempted credit hours are counted in the quantitative standard. Candidates are allowed only one time to repeat a course in which they achieved a passing grade. After one allowable time, the candidate will not earn federal financial assistance for future repeats.

Transfer Credits: Only transfer credit hours officially accepted will be counted in the maximum number of attempted (and completed) credit hours for financial aid eligibility. If the candidate is required to take additional hours that would exceed the maximum cumulative allowable hours, the candidate must submit a written appeal to the Office of Financial Aid. If the appeal is approved, the candidate may continue to receive financial aid.

SAP Suspension

A candidate for whom financial aid eligibility has been suspended may appeal this determination to the Director of Financial Aid.

The appeal must include the SAP Appeal Form and a signed personal statement. Supporting documentation may be requested by the Director of Financial Aid. Reasons that may be acceptable for an appeal may include but are not limited to: (1) serious illness or accident on the part of the candidate; (2) death, accident or serious illness in the immediate family; and (3) other extenuating circumstances.

The signed personal statement must include the following:

1. A detailed description of the circumstances which led to the candidate not meeting the required SAP standard(s), and
2. A detailed description of changes in their circumstances that will now allow the candidate to restore their SAP standing following a SAP Probationary semester.

Merely filing an appeal does NOT guarantee continued eligibility for Federal aid, as an appeal may be denied. Notification of the appeal results will take place within ten business days from the receipt of the appeal.

SAP Probationary Semester

If an appeal is approved, the candidate will be placed on **SAP Probation** for one semester. An Academic Plan will be implemented to measure the candidate's progress and the candidate will be considered eligible for Federal aid during the SAP Probationary semester.

Denied Appeals

If an appeal is denied, the suspension decision is final. The candidate may re-establish eligibility for a subsequent semester by taking action that brings them into compliance with the SAP standards. Suspension from receiving financial aid does not prevent candidates from enrolling if they are otherwise able to continue their enrollment.

Regaining Eligibility

Candidates who failed to meet the SAP standards and who choose to enroll without benefit of financial aid may request a review of their academic record after any term in which they are enrolled without the receipt of financial aid. If the standards are met at the time of review, eligibility may be regained for the subsequent term of enrollment.

Per Electronic Announcement (2020-03-05): Circumstances related to an outbreak of COVID19, including, but not limited to, the illness of a candidate or family member, compliance with a quarantine period, or the general disruption resulting from such an outbreak may form the basis of a candidate's SAP appeal even if not specifically articulated in the institution's SAP policy.

Candidate Departures:

If you wish to withdraw from Reach University, you are responsible for starting the withdrawal process. Please contact the Registrar (registrar@reach.edu).

Return to Title IV (R2T4) Funds

Reach University participates in federal financial aid. For candidates who have received Title IV financial assistance, the Federal Return to Title IV Funds calculation (R2T4) will be completed first and applicable funds returned. Returned funds will be reduced from the payments received on behalf of the candidate before applying the institutional refund policy to determine whether the candidate is owed a refund or if a balance is owed to Reach University.

In compliance with Federal regulations, Reach University will determine how much Federal candidate financial assistance the candidate has earned or not earned when a candidate who is a Title IV recipient withdraws from Reach University. The Federal Return of Title IV Funds formula dictates the amount of federal Title IV aid that must be returned to the federal government or the lending institution by Reach University and/or candidate. The federal formula is applicable to an eligible candidate receiving federal aid when that candidate withdraws on or before the 60% point in time in the payment period. The Return of Title IV Funds calculation may result in the candidate owing a balance to the Federal Government and, in some cases, to Reach University. If the amount received from federal funds is more than the amount earned, then a return will be made within forty-five (45) days of the date of determination, which is the date Reach University has determined that the candidate has officially or unofficially withdrawn.

For the purpose of determining the amount to be returned, if any, you shall be deemed to have withdrawn from the program when any of the following occurs: (a) you notify Reach University of your withdrawal or the actual date of withdrawal; (b) Reach University terminates your enrollment; (c) you fail to attend courses for a 14 day period; or (d) you fail to return from an approved leave of absence. In this case, the date of withdrawal shall be deemed to be the last date of recorded attendance. Provisions (a) and (b) are considered official withdrawals, provisions (c) and (d) are considered unofficial withdrawals.

- **Withdrawal Before 60%:** Reach University must perform a R2T4 to determine the amount of earned aid up through the 60% point in each payment period and use the Department of Education's prorated schedule to determine the amount of R2T4 funds the candidate has earned at the time of termination or withdrawal.
- **Withdrawal After 60%:** After the 60% point in the payment period or period of enrollment, a candidate has earned 100% of the Title IV funds they were scheduled to receive during the period. For a candidate who is terminated or withdraws after the 60% point-in-time, there are no unearned funds. However, Reach University will still calculate the Institutional Refund and R2T4 for financial aid recipients.

To calculate the amount earned for credit-hour programs, Reach University will determine the percentage by dividing the number of calendar days the candidate completed in the payment period as of the last day of attendance by the total number of calendar days in the payment period. The calculated amount of aid earned is rounded to the one-hundredth decimal. Any scheduled break of 5 days or more is not counted in the total calendar days of the payment period.

If a return results from this calculation, federal policy requires that these unearned funds be returned to the applicable Title IV financial aid fund source. Funds are returned to the Title IV Programs in the following federally mandated order: (1) Unsubsidized Federal Direct Loan; (2) Subsidized Federal Direct Loan; (3) Federal Direct PLUS Loan; (4) Federal Pell Grants; (5) Federal Supplemental Education Opportunity Grant (SEOG); (6) other grant or loan assistance authorized by Title IV of the HEA, as amended.

If more Federal candidate financial assistance has been earned than has been received, the candidate may be eligible for a post-withdrawal disbursement. Reach University will notify the candidate within 30 days of the date of determination of any post-withdrawal disbursement loan funds for which the candidate may be eligible and what steps need to be taken for the Federal financial assistance funds to be received. The candidate or parent, in the case of Federal Direct PLUS Loans, needs to provide permission before any loan funds may be disbursed on the candidate's billing account or disbursed to the candidate or parent. However, Reach University may automatically use all or a portion of the post-withdrawal disbursement of grant funds for tuition and fees, and with the candidate's authorization, Reach University may automatically use the grant funds for other educationally related charges. Any balance of grant funds that may be available will be offered to the candidate.

Reach University will make a post-withdrawal disbursement of any loan funds the candidate accepts within 180 days from the date Reach University determined the candidate withdrew. If the Federal candidate financial assistance funds need to be returned, the institution must return a portion or all of the unearned funds equal to the lesser of: the institutional charges multiplied by the percentage of unearned Federal candidate financial assistance funds; or the entire amount of unearned funds. If there are remaining unearned Federal financial aid funds to be returned, the candidate must return any loan funds that remain to be returned in accordance with the terms and conditions of the promissory note. If the remaining amount of funds to be returned includes grant funds, the candidate must return any amount of the overpayment that is more than half of the grant funds received. Reach University will notify the candidate as to the amount owed and how and where it should be returned.
